Tell Me About Yourself

This is a VERY common question asked in behavioral interviews, write your answer to this question below.

-

Story References

List 4 core stories below that relate to accomplishments or issues you've resolved in a workplace setting that can tie to useful soft or technical skills.

Example: In high school, Elsa did a weekly news video for 3,000 students. Halfway through the project her partner got sick and Elsa had to pick up her partner's end of the work short notice for the rest of the semester putting in over 20 hours a week. Elsa was able to deliver each video on time for 6 weeks. Elsa's perseverance through this experience taught her how to work hard, plan ahead and succeed at time management.

Behavioral Questions Video Practice

*Pick 3 behavioral questions from below & record your 2-4 minute answers to them. Then, answer 'Tell Me About Yourself' and record that as well. Finally, link the recordings below in this worksheet (**MAKE SURE THEY ARE PUBLICLY AVAILABLE**).*

File Formats: .mp4, .mov

After listening back to your response, what would you improve? You can reference the Document for guidance on important aspects to think about.

1. [Question 1]: [Link #1]
 - a. [your 2-3 improvements]
2. [Question 2]: [Link #2]
 - a. [your 2-3 improvements]
3. [Question 3]: [Link #3]
 - a. [your 2-3 improvements]
4. "Tell Me About Yourself": [Link #4]
 - a. [your 2-3 improvements]

Behavioral Questions

General Behavioral Questions:

- Tell me about yourself.
- Why do you want to work for our company?
- What is your greatest strength, and how has it helped you in your projects?
- What is your biggest weakness, and how are you working to improve it?
Why did you choose to study computer science/software engineering?
- What are your short-term and long-term career goals?
- Why are you interested in this particular role?
- Describe a time when you had to learn a new technology or programming language quickly. How did you handle it?
- Tell me about a time when you had to meet a tight deadline. How did you manage your time?
- How do you handle stressful situations or pressure?

Teamwork and Collaboration:

- Tell me about a time you worked in a team to complete a challenging project.
What was your role?
Describe a situation where you had a disagreement with a teammate. How did you resolve it?
- How do you approach giving or receiving constructive feedback?
- Tell me about a time you had to explain a technical concept to someone without a technical background.
- How do you prioritize tasks when working on a team project?
- Have you ever had to lead a team? How did you manage it?

Problem-Solving and Challenges:

- Tell me about a time you encountered a major challenge in a project and how you overcame it.
- Describe a situation where you made a mistake on a project. How did you handle it?
- How do you approach solving problems you're unfamiliar with?
- Tell me about a time when your initial solution to a problem didn't work. How did you pivot to find a better solution?
- Describe a time when you had to make a trade-off between quality and speed.
- Tell me about a time when you had conflicting priorities. How did you handle them?

Leadership and Initiative:

- Have you ever taken the lead on a project or team? How did you manage that responsibility?
- Describe a time when you saw a problem and took the initiative to solve it.
- How do you handle situations where you disagree with your manager or team leader?

Adaptability and Growth:

- Tell me about a time when you had to adapt to significant changes during a project.
- How do you handle learning from failure? Can you give an example?
- What do you do to stay up-to-date with the latest developments in technology?
- Tell me about a time you had to deal with ambiguity in a project. How did you navigate through it?
- Describe a situation where you had to quickly pivot due to changing requirements. How did you adjust?
